Wholesale Catalog

We are pleased to present this latest edition of our catalog. We hope that you will look through it carefully and use it often.

This catalog is intended only for those engaged in the florist, landscape gardening and related businesses. We reserve the right to refuse to fill orders for others not entitled to these wholesale prices.

We have 350,000 square feet of modern greenhouses. Today 15 houses are air-conditioned in order to provide for our customers fresh blooming Chrysanthemums and other flowers the year around, even in the hottest summer months. We do not believe that anyone anywhere can offer you as many numbers and varieties of plants, including the rare and unusual, as we do here at Vestal's. You need not shop around. We have them all right here for your convenience. It is impossible to list every item. Ask us about anything you want which you do not find listed.

It takes good merchandise and good treatment to build a business like ours, and we try to give our customers full measure of both. We appreciate the confidence you show by placing your orders with us.

This list cancels all previous quotations, and orders are booked subject to stock being unsold. The prices quoted herein are strictly for the wholesale trade.

CONDITIONS OF SALE

All plants are offered subject to prior sale, net and F.O.B. Little Rock, Ark. A minimum packing charge of \$1.00 per carton will be made on all shipments except when payment in full accompanies the order.

All shipments turned over to a common carrier become your property. Claims for losses and delays and all other controversies should be filed with the carrier.

We prefer and recommend that all orders for greenhouse plants be shipped by express. Evergreens and other nursery stock can be safely shipped by motor truck or railway freight, but orders for tender greenhouse plants, especially during the cold months, will receive better protection and more careful handling by Railway Express.

This list cancels all previous quotations, and the prices quoted herein are strictly for the wholesale trade.

We ask that all customers, when writing or ordering, use their printed business stationery so that there will be no question of their eligibility to obtain wholesale prices.

Address all correspondence to the firm.

Minimum order of 12 plants of the same variety. On small orders, when shipment is desired by Parcel Post, include \$1.00 for postage for each 12 plants.

NON-WARRANTY

We wish it to be distinctly understood that, while we take every precaution to have all plants and bulbs true to name, we give no warranty, expressed or implied, as to description, quality, productiveness, or any other matter, of any of the plants or bulbs we send out, and will not be in any way responsible for the crop. Every order we receive will be executed on these conditions only, which must be accepted by the customer when ordering goods. WE AIM to get new customers and keep old ones, and by honorable dealing to satisfy both customers and ourselves.
